Kirk Park groundwater well

The City will be drilling a new groundwater well at Kirk Park to further develop its groundwater supply. The well building will be about the size of a restroom and will cover less than 1% of the total park space.

Work hours
• Drilling will take approximately 4-6 months (March – August)
• Monday – Friday, 7 a.m. – 6 p.m.

What to expect
• Construction equipment, drill rig and dump trucks.
• Noise. The project team will use tools to reduce drilling noise as much as possible.
• Some vibration may be noticed near the drill site.
• The work site will be fenced.
• Some equipment will be parked along NE 188th Avenue.
• Reduced vehicle speeds near the work site.
