

CLEAN SWEEP 2020

The Transportation Division takes pride in keeping our streets free of dirt, leaves and other debris. To meet our goal of clean streets, the City has an established annual street sweeping schedule that provides nine-times-a-year sweeping of residential streets and twelve-times-a-year on arterials.

To help ensure street sweepers are able to do a thorough job, please help us by moving vehicles, boats, campers, garbage cans, recycle containers, basketball hoops and other objects into your driveway when your section is due to be swept.

Obstacles like shopping carts, vegetation and basketball hoops that protrude past the curb also keep us from cleaning thoroughly.

Please keep street trees, hedges and vegetation trimmed to 12 feet above the street surface or behind the curb, so the street sweeper can fit under or around them.

Other things to keep in mind:

- If a scheduled sweep falls on a holiday or weather conditions prevent sweeping we will sweep it at the end of the cycle, time permitting. If not, we will sweep it during the next cycle.
- If obstruction along the curb line prevents us from sweeping, debris will be left behind on your street. (e.g., parked cars, low tree branches, overgrown vegetation, basketball hoops, etc.)
- We do not routinely sweep on weekends or on legal holidays.
- The City encourages yard debris composting. We have weekly curbside recycling service that we ask all City customers to use:

We sweep leaves that naturally fall or blow into the streets from nearby trees, but we are not able to pick up piles of leaves or other yard debris. **Please do not place leaves or yard debris in the street.**

Questions about composting and the yard debris-recycling program should be directed to the Recycling & Solid Waste Program at 503-618-2518.

Please find enclosed a City of Gresham street sweeping map and corresponding schedule. The City has been divided into 20 sections and the accompanying chart indicates when each section will be swept.

The arterials are swept on the third full week of each month between 10:00 p.m. and 7:00 a.m.

If you have questions about this schedule or street cleaning operations in general, please call the Transportation Division at 503-618-2626.

We want to work together with you to ensure that our streets are kept clean because well maintained streets last longer, are more welcoming and reduce pollutants that may wash into our streams.

2020 City of Gresham Routine Sweeping Sections

Section 1

NE 162nd/NE 181st to NE 201st
NE Glisan to NE Marine
SE 194th to SE 202nd
