Groundwater test well at SW Community Park
The City will be exploring a new groundwater test well at SW Community Park to further develop its groundwater supply.

Work hours
• Drilling will take approximately 2-3 months (August – October)
• Monday – Friday, 7 a.m. – 6 p.m.

What to expect
• Construction equipment, drill rig and dump trucks.
• Noise. The project team will use tools to reduce drilling noise as much as possible.
• Some vibration may be noticed near the drill site.
• The work site will be fenced.
• Equipment will be stored on site.
• Reduced vehicle speeds near the work site.
