

PRE-FIRE PLAN CRITERIA

Pre-Fire Plans are site plans with specific symbols that Gresham Fire uses to identify items essential to both fire and life safety. These plans are to be provided by the applicant for each new building, tenant improvement, or any building as requested by Gresham Fire. Below are the items that need to be indicated on the plan, symbols to be used, and an example plan page.

1. Single page PDF. If more pages are necessary for multiple floors/buildings, this is okay but limit the data and minimize the clutter.
2. Of primary concern is the ability to utilize the document to quickly/easily find important fire operational points of interest.
3. Plans should have the following data points at a minimum:
 - a. Fire Alarm Panel
 - b. Hydrants
 - c. Elevator
 - d. Lock Box
 - e. Electric Shut off
 - f. Gas Shut off
 - g. Water Shut off
 - h. Attic/Roof Access
 - i. FDC
 - j. PIV
 - k. Main Risers
 - l. Overhead Doors
 - m. Single and Double Doors
 - n. Interior walls
 - o. Stairwells

SYMBOLS TO USE

<div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; padding: 2px; display: inline-block;">FAP</div> Alarm Panel </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid blue; border-radius: 50%; width: 20px; height: 20px; text-align: center; line-height: 20px; color: blue; margin: 0 auto;">H</div> Hydrant </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; padding: 2px; display: inline-block;">ELV</div> Elevator </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; padding: 2px; display: inline-block;">K</div> Lock Box </div>	<div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; border-radius: 50%; width: 20px; height: 20px; text-align: center; line-height: 20px; color: black; margin: 0 auto;">E</div> Electric Shutoff </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; border-radius: 50%; width: 20px; height: 20px; text-align: center; line-height: 20px; color: black; margin: 0 auto;">G</div> Gas Shutoff </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid blue; border-radius: 50%; width: 20px; height: 20px; text-align: center; line-height: 20px; color: blue; margin: 0 auto;">W</div> Water Shutoff </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid black; width: 20px; height: 20px; margin: 0 auto;">△</div> Attic/Roof Access </div>	<div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: blue; font-size: 2em;">⋈</div> FDC </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: blue; font-size: 2em;">⊗</div> PIV </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="border: 1px solid blue; border-radius: 50%; width: 20px; height: 20px; text-align: center; line-height: 20px; color: blue; margin: 0 auto;">⊗</div> Riser </div>	<div style="text-align: center; font-weight: bold; margin-bottom: 5px;">Doors</div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: green; font-size: 2em;">⌒</div> Overhead </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: green; font-size: 2em;">⌒</div> Single </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: green; font-size: 2em;">⌒</div> Double </div> <div style="display: flex; flex-direction: column; gap: 10px;"> <div style="color: green; font-size: 2em;">⌒</div> Stairs </div>
