

IMAGINE

What is Imagine Gresham?

- Gresham is a place that we can all be proud to call home. We know our community has big ideas and dreams for this city and we want to see them come true.
- We are working on creating a long-term vision and plan that will support the City in becoming financially stable.

Your dreams + a strategic plan = Making your big dreams a reality for our community!

Why does this matter to me?

Do you think the city needs more basketball hoops? More affordable housing? Is upgrading our aging firehouses important to you? This is your opportunity to shape what the main priorities will be.

How can I get involved?

- Share your thoughts at:
