CAUTION: External Email

Good morning Terra and Sarale,

I've had a chance to review the draft proposal submitted to DLCD and Metro with housing-related amendments to Volumes 1 and 2 of the Gresham Community Development Plan. Metro has no comments on the proposal, other than to commend the city and its staff for this work to update background information, policies, and implementation measures to help address our region's housing and equity challenges.

Kind regards,

Glen Hamburg | Metro | Associate Regional Planner

Subject: PAPA file CWP-23-00142

Good morning ,
I am hoping this email can be forwarded to Sarale Hickson.

My name is Sarah Bermudez and I am conducting outreach for the Fair Housing Council of Oregon (FHCO). I was hoping to obtain the staff report and all corresponding attachments for CWP-23-00142 the "Amendments to Volumes 1 & 2, by: • Updating the housing findings to reflect new and updated information about people experiencing homelessness and displacement risk. • Adding context regarding housing for protected classes, affordability, displacement, and homelessness • Replacing the housing goals, policies and action measures in response to new housing data and recent public input to update the community's housing needs, and the housing goals, policies, and action measures." when available. We will be reviewing the staff report predominantly for Statewide Planning Goal 10 compliance.

If we do have any commentary or concerns my colleague Sam Goldberg will be in touch to advise. We hope this can be a collaborative process. Please confirm receipt of this e-mail, and I look forward to hearing from you soon.

Very Respectfully,

Sarah Bermudez
Fair Housing Council of Oregon
