

Historic Southeast Neighborhood Association  
General Meeting, Wednesday, September 18th, 6:30-7:30  
Dexter McCarty Middle School

**6:30—Welcome and introductions**

**6:40—An update on the new Historic SE Neighborhood signs**

Kim noted that with the budget we should be able to get the new signs up in a few months.

Peter went over the emergency preparedness packet that Kelle Landavazo put together. Noted all of the Multnomah County numbers that could be useful to our neighbors.

**6:45— Neighborhood Enforcement Team**

- Discussed the purpose of NET
- Heard personal stories of neighbors
- Heard questions & concerns of neighbors such as bikes going too fast on the Springwater Trail, concerns about the homeless population, and break-ins/squatters

**6:50—NET Officers Jim Leeke & Daniel Estes**

They explained the purpose of NET and the difference between NET and traffic police. NET deals with long term issues and where they go is determined by the neighborhood. They may take a few days to get to a call because there are only 2 of them assigned to Gresham. People should be aware that if they call the NET number they can remain anonymous.

**7:00—**People asked questions of the officers.
