City of Gresham
Finance Committee
Wednesday, March 15, 2017
Executive Summary

2. New Member Introduction

Council approved the appointment of David Dyk to the Finance Committee at their meeting on February 21, 2017. He is filling the committee vacancy that was created following the appointment of Janine Gladfelter to Council.

5. Council Compensation – FY 2017/18

The Finance Committee is tasked to annually prepare and approve a Compensation Schedule for the Mayor and City Councilors. Following a series of meetings during 2015, the Committee established the existing compensation schedule at their October 21, 2015 meeting. During the discussions, it was decided that the Committee would review the schedule each year and determine if any changes should be made to the compensation to be included in the Proposed Budget.

Staff will provide a recap of the 2015 process and conclusions, and will provide updated information about the comparison positions. The Committee will then discuss any modifications to the Compensation Schedule for the upcoming fiscal year.

Requested Action: Committee Decision

6. Contingency Transfer – Legal Services Fund

Presented by Sharron Monohon, Budget & Financial Planning Director

Oregon Budget Law allows for a transfer of appropriation from the Contingency line-item to an Expenditure line-item within the same fund when unforeseen events occur during the budget year. City Council must authorize requests for the use of contingency appropriations. City practice is to review these items with the Finance Committee prior to Council action if time allows. The request for a contingency transfer is in the Legal Services Fund, which has encountered a greater than anticipated need to contract for specialized legal expertise this fiscal year.

Requested Action: Committee Recommendation

7. Capital Improvement Program Updates

Presented by Sharron Monohon, Budget & Financial Planning Director

Finance Committee members have expressed interest in receiving additional information about the projects in the proposed five-year CIP. Ms. Monohon will provide the committee with an update on the CIP projects being proposed and the associated funding issues and constraints.

Requested Action: Information and Committee Discussion

To the City Council
City of Gresham, Oregon

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the City of Gresham for the year ended June 30, 2016, and have issued our report thereon dated December 20, 2016. Professional standards require that we provide you with the following information related to our audit.

Our Responsibility under U.S. Generally Accepted Auditing Standards

As stated in our engagement letter dated June 25, 2016, our responsibility, as described by professional standards, is to express opinions about whether the financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with the accounting principles generally accepted in the United States. Our audit of the financial statements does not relieve you or management of your responsibilities.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by the City of Gresham are described in the footnotes to the financial statements. We noted no transactions entered into by the City during the year for which there is a lack of authoritative guidance or consensus. The financial statements include the implementation of GASB 72 relating to investment reporting – see the expanded disclosures in the footnotes.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. The most significant estimate affecting the financial statements is the determination of depreciation on capital assets. The accounting policies relating to capital assets and depreciation are described in the footnotes to the comprehensive annual financial report. The PERS footnote discusses assumptions used to value the pension obligation.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit. There were no known or likely material misstatements identified during the audit.

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated December 20, 2016.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the City's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles, implementation of new accounting standards, and the impact of new auditing standards with management each year prior to retention as the City's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

This information is intended solely for the use of the City Council and management of the City of Gresham and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

ISLER CPA

Single Audit

- FY 2016: Community Development Block Grants. Total federal awards \$4,622,016.
- FY 2015: Public Safety Partnership and Community Policing, Highway Planning and Construction. Total federal awards \$6,326,214.
- FY 2014: Staffing for Adequate Fire and Emergency Response, Community Development Block Grant and Section 108 Loan, Home Loan Investment Program. Total federal awards \$3,671,761.

Single Audit Findings

- Required percentage for spending on Low and Moderate Income persons. Required 70%, spent 65.37%.
- The City entered into an agreement with a not-for-profit organization to provide a Section 108 loan to assist the organization in expanding their services, which primarily benefits youth in low- to moderate-income families in the Gresham area. In May of 2016 the governing body for the not-for-profit determined that funding from other sources would be used, and not the Section 108 loan offered by the City.

Single Audit Findings

- Submission of Request Release of Funds
- City committed and expended CDBG Section 108 Loan funds in the amount of \$727,000 without submitting a Request for Release of Funds to HUD or receiving approval to commit the funds.

What is a CAFR?

- ▶ **Comprehensive Annual Financial Report**
- ▶ Extends basic financial reporting by adding:
 - ▶ Historical Financial Trends (up to 10 years)
 - ▶ Demographic Information
 - ▶ SEC Required Debt Disclosures
 - ▶ City Organizational Chart
 - ▶ More Detailed Analysis of Accounting Results by Management

Why we issue a CAFR

- ▶ More than minimum required reporting
 - ▶ More useful information for any user
 - ▶ Fulfills requirements on debt reporting
 - ▶ Certification of Excellence Program
 - ▶ Demonstrates financial sophistication and control
 - ▶ Helps issue new debt at lower rates!

3 Types of Accounting

- ▶ **Budgetary Fund Basis**
 - ▶ Modified Accrual/Cash basis
 - ▶ Based in State Statute
 - ▶ Management can tailor to organization
- ▶ **GAAP Fund Basis**
 - ▶ Modified Accrual
 - ▶ GASB sets rules
- ▶ **Net Position**
 - ▶ Full accrual (debt and capital assets)
 - ▶ Citywide and Utility Funds

Governmental Accounting Basics

- ▶ **Business Type (accrual)**
 - ▶ Utilities and Internal Services (funded by charges)
 - ▶ For a long term financial picture
 - ▶ Includes long term debt/liabilities and fixed assets
 - ▶ Bottom line is "Net Position"
- ▶ **Governmental (modified accrual)**
 - ▶ For an immediate resources financial picture
 - ▶ Only assets and liabilities expected within one year
 - ▶ Bottom line is "Fund Balance"

MD&A

- ▶ Find plain language discussion of financial results
- ▶ Significant capital projects highlighted
- ▶ Debt activity described
- ▶ Major events and accounting changes will be mentioned

Notable in FY 2016

- ▶ Actuarial changes in pension benefits for Oregon PERS resulted in significantly different financial results for the City:

	FY 2015	FY2016
Net Pension Liability (Asset)	\$(10.3)M	\$ 29.7 M
Pension Expense	\$ (9.8)M	\$ 28.6 M
Unrestricted Net Position, Governmental Activities	\$ (5.6)M	\$(22.2)M

- ▶ Oregon PERS financial reporting for FY 2016 seem to indicate even bigger negative results for next year.

- ### FAQ
- ▶ On page 35 the 'Rockwood UR Debt Service Fund has an \$7.1 million negative balance, why?
 - ▶ The Urban Renewal area is required to borrow money to spend money and collect tax increment
 - ▶ The borrowing happened between City funds
 - ▶ The result was a fund with a deficit fund balance and a fund with a positive balance
 - ▶ This deficit is getting smaller (was \$9.3M in FY15), as new debt is being issued directly by the Urban Renewal Area and existing debt is being paid off as scheduled
 - ▶ Pages 92 and 127 are the fund balance statements
