✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

*A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.*

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
<input type="checkbox"/>	Spreading, rounded crown. Red fall color. Year round interest.
<input type="checkbox"/>	Stiffly upright in habit. Variegated cream + light green foliage with magenta tint in fall.
<input type="checkbox"/>	Large number of varieties available
<input type="checkbox"/>	Oval habit. Glossy green leaves. Bright red flower with white center. Bright red fruit. Virtually thornless
<input type="checkbox"/>	Golden twigs
<input type="checkbox"/>	Densely upright in an inverted cone. Medium green foliage. White flower bright red fruit.
<input type="checkbox"/>	White flower, yellow-red fruit.
<input type="checkbox"/>	Green foliage. White foliage. Red fruit, very persistent through the winter.
<input type="checkbox"/>	White flowers, red foliage, bronze green leaves in summer.
<input type="checkbox"/>	
<input type="checkbox"/>	Glossy green foliage. White flowers. Purplish-red foliage in fall.
<input type="checkbox"/>	Needs ample water
<input type="checkbox"/>	Pendulous white flowers, water weekly for first three summers
<input type="checkbox"/>	Upright, spreading in habit. Green foliage. White panicle, flower. Single stem form for street tree. Non-tree form may be planted behind sidewalk.
<input type="checkbox"/>	Upright spreading, in habit. Green foliage. White panicle flower. Single stem form.
<input type="checkbox"/>	Dense compact crown, sheared appearance, yellow fall color
<input type="checkbox"/>	Dark green foliage. Yellow fall color.
<input type="checkbox"/>	Dark green foliage. Yellow fall color.
<input type="checkbox"/>	Dark green foliage. Orange-yellow fall color.
<input type="checkbox"/>	Light green foliage. Yellow to orange red fall color. Good street tree where space demands a tree that doesn't spread. Fall color not as good as Bowhall.
<input type="checkbox"/>	Green foliage, gold fall color.
<input type="checkbox"/>	Upright very narrow. Medium green foliage. Yellow orange to reddish orange fall color.
<input type="checkbox"/>	Orange-red fall color.
<input type="checkbox"/>	Dense branching + compact form ideal for limited spaces. Summer foliage is dark green. Yellow orange to red fall color. Withstands heat well.
<input type="checkbox"/>	Tolerant of urban stresses, fall color, compact crown
<input type="checkbox"/>	Fall color, textured bark
<input type="checkbox"/>	Purple foliage, upright
<input type="checkbox"/>	White flowers, edible fruit. Single stem form for street tree. Non-tree form may be planted behind sidewalk.
<input type="checkbox"/>	Tree form only in planting strip. Upright oval in habit. Dark green leaves. Scarlet leaves in fall. White flower clusters. Blue-purple fruit. Single stem form for street tree. Non-tree form may be planted behind sidewalk.

✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
☐	Deciduous; strong central leader
☐	Unique leaves, white flowers, small golden yellow fruit
☐	Dark green foliage turns orange, red + purple in fall. Sparse yellow-green fruit.
☐	Pyramidal when young, spreading + irregular with age. Dark green, glossy foliage. Hot, copper-red fall color.
☐	Named in memoriam of local arborist David Odom, unique upright structure
☐	Beautiful bark and fall color, slow growing and long-lived
☐	Green foliage. Deep pink flowers. Orange red fall color.
☐	Compact height. Well suited to urban landscapes. Consistently bright orange-red fall color. Single pink flowers in clusters. Blooms later than typical, avoiding frost damage.
☐	Vase shaped. Purple red foliage. Red orange fall color. Large double pink flowers.
☐	Disease resistant; white flowers
☐	Disease resistant; white flowers; widens with age
☐	Pyramidal, dense + symmetrical with medium green, glossy foliage turning yellow to red in fall. Abundant white flowers.
☐	Abundant white flowers early spring
☐	Narrow crown, rusty red fall color
☐	Glossy deep green foliage.
☐	Dense, medium texture. Dark green foliage, bronze in the fall. 1 inch acorns. Tolerates pollution + restricted root space.
☐	Glossy foliage, sprays of creamy white flowers, yellow fall color
☐	Light green foliage. Yellowish fall color.
☐	Dark green foliage. Yellow fall color.
☐	Narrowest of the linden cultivars
☐	Yellow fall color with purple tips, strong upright structure
☐	Dense compact crown, low maintenance
☐	Very narrow upright vase shape. Medium green foliage. Ideal for narrow street use with good clearance beneath the canopy.
☐	Broadly spreading vase. Medium green foliage. Red fall color.
☐	Dark green foliage. Yellow fall color.
☐	Green foliage. Yellow fall color.
☐	Dark green foliage
☐	Introduced by the National Arboretum. Cross of October Glory™ + Autumn Flame. Deep red fall color 10 days later than most red maples.
☐	Green foliage. Bright red fall color.

✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
☐	Dark green glossy foliage. Brilliant orange red to red fall color. Developed in Gresham by J. Frank Schmidt Nursery.
☐	Medium green foliage. Orange-red to red fall color.
☐	Flaring shape allows traffic below. Bright orange fall color.
☐	Medium to dark green foliage. Reddish fall color.
☐	Medium green foliage. Red purple fall color.
☐	Attractive bark, red or orange fall color, provide good drainage in clay soil
☐	Upright rather narrow. Dark green foliage. Yellow orange to orange red fall color. Good for streets + parking lots.
☐	Medium green foliage. Orange to orange red fall color.
☐	U. S. Arboretum introduction. A hybrid between Red Sunset + Autumn Flame. Oval, symmetrical, densely branched, seedless. Reliably bright red fall color.
☐	Fall color, many varieties such as 'Armstrong', 'Bowhall', 'Franks Red', 'Morgan', & 'Scarsen'
☐	Attractive bark, red or orange fall color, provide good drainage in clay soil
☐	Strong central leader; urban tolerant; bright red in fall
☐	Fast growing; develops good caliper as a young tree
☐	Dark green foliage. Reddish ornate to red fall color.
☐	Glossy leaves; orange-red in fall
☐	Oval with dark green foliage and yellow-orange to red fall color. Nice branch structure.
☐	Uniform canopy; orange/red in fall
☐	Dark green foliage becomes yellow, orange + red in fall.
☐	Good fall color. Established trees have some tolerance for drought conditions.
☐	Glossy, dark green leaves turn yellow in fall. Very white bark.
☐	Round in habit. Bright green foliage. Yellow fall color.
☐	Very urban tolerant; rarely lifts sidewalks
☐	Deep green foliage is with a change to bronze in fall
☐	Oval habit. Purple leaves have a rose-pink + cream border.
☐	Plant seedless varieties
☐	Rounded shape. Green heavily textured foliage. Reddish purple fall color. Seedless.
☐	Unusually narrow upright fast growing. Medium green foliage. Rusty orange to purplish fall color. Seedless.
☐	Oval with dense crown. Narrow green leaflets. Reddish purple fall color. Delicate fine-textured appearance.
☐	Symmetrical upright branches. Dark green glossy foliage. Yellow fall color.
☐	Pyramidal with lustrous dark green foliage. Bronze in fall.
☐	Narrow form in youth broadens with age. Medium green foliage. Striking golden yellow fall color is characteristic of this seedless clone. Male only.
☐	Extremely free of pests. Very tolerant of pollution and salt. Requires little maintenance. Slow growing + long lived. Yellow fall color. Male only.

✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
☐	Uniform + symmetrical branching.
☐	Green foliage. Yellow fall color.
☐	White bell shaped flowers; yellow fall color
☐	White, fragrant flowers
☐	Green leaves. White flowers.
☐	Early-spring blossoms are creamy white. Medium fast-growing, good pollution tolerance.
☐	Nutlets in hop-like bunches
☐	Medium green foliage. Yellow fall color.
☐	Dark green leaves turn orange + scarlet in fall. Showy white flowers in summer.
☐	Fragrant leaves + fruit
☐	Globe-shaped habit. Dark purple leaves change to reddish in fall. Flower is light pink. Dull purple fruit.
☐	Retains deep purple leaf color through the growing season, pink flowers
☐	Dense crown, purple foliage emerges early, light pink flowers
☐	Vase-shaped habit. Dark green foliage becomes bronze or orange in fall. Deep pink flower. Minimum 6 foot graft.
☐	Upright spreading with bright green foliage. Delicate pink flowers in spring. Yellowish fall color.
☐	Spreading in habit. Green foliage. Yellow fall color. White flowers with pink tint.
☐	Narrow, dark, glossy green leaves. White flowers. Storm resistant + informal appearance.
☐	Narrow upright. White flowers.
☐	Glossy green foliage. Orange red fall color. White flowers.
☐	Upper + lower leaf surfaces contrast in color, attracts wildlife
☐	Oval, open in habit. Bright green foliage. Scarlet fall color.
☐	Dark green foliage. Yellow fall color.
☐	
☐	Thrives in areas with poor drainage, attracts wildlife
☐	Upright spreading crown, sprays of yellow flowers in June
☐	Tolerant of urban stresses
☐	
☐	Symmetrical. Dark green foliage. Yellow fall color.
☐	Vigorous pyramidal. Medium green foliage. Yellow fall color. More informal than Greenspire™.
☐	Vigorous upright. Small leaves.
☐	Attractive bark, bright golden yellow fall color
☐	Glossy foliage; yellow in fall
☐	Broadly pyramidal, neat and symmetrical. Green leaves are silver-gray underneath. Yellow fall color. Fast growing.
☐	Upright oval to vase shape. Glossy dark green foliage. Yellow fall color.
☐	Pest and disease resistant, substitute for American Elm

✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
☐	Vase shaped with arching limbs. Glossy dark green foliage. Yellow fall color. Resistant to elm leaf beetle and Dutch elm disease.
☐	Substitute for American Elm due to pest and disease resistance
☐	Substitute for American Elm due to pest and disease resistance
☐	Attractive shade tree
☐	Vase shape with upright arching branches in habit. Green foliage. Orange fall color.
☐	Upright vase shaped. Long arching branches, canopy similar to American Elm. Medium green foliage. Yellow fall color.
☐	Orange-brown to bronze-red fall color
☐	Dark green foliage turns yellow and orange in fall.
☐	Leaves are medium to dark green, becoming orange or red in fall.
☐	Fast growing; orange-red in fall
☐	Long rosy cluster; small variety; spiky nuts
☐	Attractive bark, gold in fall
☐	Dark green foliage. Yellow fall color. The most permanent of the birches.
☐	Withstands hot, dry environments. Medium to fast growth rate. Foliage green, then yellow in fall. Has white flowers. Seed capsules can be messy.
☐	Large white flowers; red fall color, fast growing
☐	Rubber is extracted from the wood
☐	Deep purple foliage with no change in fall, attractive bark
☐	Plant seedless varieties
☐	Green foliage.
☐	Medium green leaves have interesting shape. Bright, transparent yellow fall color. Greenish-yellow flower with orange center.
☐	Evergreen conifer, striking orange bark
☐	Broadly pyramidal. Shedding bark produces mottled brown and cream pattern. This variety is more resistant to anthracnose than species.
☐	Rounded shape with spreading branches. Foliage emerges with a red tint + matures to glossy green. White flowers. Purplish-red fall color.
☐	Silvery foliage
☐	Transplants readily; beautiful summer foliage
☐	Upright crown becomes round and spreading with maturity, attracts wildlife
☐	Tolerant of urban stresses
☐	Sturdy + adaptable tree with broad, rounded habit. Deep green foliage with yellow-brown fall color.
☐	Beautiful fall color

 ✗ = Not okay to plant under overhead utility lines

*A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.*

COMPAT- IBLE WITH OVERHEAD WIRES	REMARKS
<input type="checkbox"/>	Deciduous conifer; wet/dry sites; urban tolerant
<input type="checkbox"/>	Substitute for American Elm due pest and disease resistance
<input type="checkbox"/>	Needs lots of room to grow. Dark green evergreen needles, silvery underneath, curve upward along the branches.
<input type="checkbox"/>	One of the largest firs, can grow up to 300 feet.
<input type="checkbox"/>	Broad-topped, dense shade tree. Large 3- to 5-lobed leaves are 6 to 15 inches wide. Small yellow flowers in drooping clusters in April and May. Yellow fall color.
<input type="checkbox"/>	Great fall colors. Does not perform well in compacted or restricted areas.
<input type="checkbox"/>	Drought tolerant
<input type="checkbox"/>	Blue green needles, fragrant
<input type="checkbox"/>	Drought tolerant, attractive bark, weeping cultivar 'pendula' available
<input type="checkbox"/>	Attractive bark, susceptible to spider mites
<input type="checkbox"/>	Gray-barked branches grow in horizontal pattern. Oval 3- to 5-inch leaves are rich green above, grayish underneath. Yellow, pink + orange fall colors. Red to orange-red fruit forms in button-like clusters in fall.
<input type="checkbox"/>	Dove-like flowers
<input type="checkbox"/>	Slow growing; striking gray bark
<input type="checkbox"/>	Beautiful bark
<input type="checkbox"/>	Light green leaves, 6-12 inches long. Will grow in standing water during winter months. Needs no dry-season water.
<input type="checkbox"/>	Deciduous conifer, looks like a redwood in summer
<input type="checkbox"/>	Good windbreak
<input type="checkbox"/>	Susceptible to spruce budworm
<input type="checkbox"/>	Blue-green needles
<input type="checkbox"/>	Needs ample water
<input type="checkbox"/>	Spreading nature, often with multiple trunks, attractive bark
<input type="checkbox"/>	
<input type="checkbox"/>	Medium green needles
<input type="checkbox"/>	Drought tolerant
<input type="checkbox"/>	Dark green needles
<input type="checkbox"/>	Dense foliage, narrow crown, slow growing
<input type="checkbox"/>	Large-needled evergreen. Thick bark has a reddish color + develops attractive dark furrows with age. Needles grow in clusters of three. Produces a cone 3-6 inches long.
<input type="checkbox"/>	Narrow form, plant in groups to create a hedge
<input type="checkbox"/>	Irregular shape
<input type="checkbox"/>	Dwarf pine, slow growing

Oregon oaks (right) are large, globe-shaped native trees.

✓ = Okay to plant under overhead utility lines  
 ✗ = Not okay to plant under overhead utility lines

A street tree is a tree located in the public right-of-way between the curb, or edge of roadway, and the property line.

COMPATIBLE WITH OVERHEAD WIRES	REMARKS
☐	Bark smooth + gray when young, becoming thick, furrowed, black to reddish-brown when mature. Flat, evergreen, linear needles one-inch long. Cones have distinctive 3-pointed bracts. Plant away from clear vision areas.
☐	Slow to moderate growth. Branches often twisted. Summer irrigation not beneficial.
☐	Leaves hang on the tree in fall
☐	Generally considered the world's tallest tree. Soft small evergreen needles, very small cones, red bark. Plant away from vision sensitive areas.
☐	Largest living organism on earth, long-lived
☐	Evergreen. Thrives in moist conditions. Stringy reddish bark. Trunk is wide + fluted at bottom. High relocate success.
☐	Feathery evergreen foliage. Small light-brown cones are produced in great quantities. Prefers full sun to full shade + moist to seasonally wet soil.
☐	Interesting mottled bark
☐	

Right: The Douglas fir is a tall, pyramid-shaped native tree
