9.10.010 Purpose.

These sections establish criteria for recommending to the Oregon Liquor Control Commission (OLCC) that it grant, deny, modify or renew liquor licenses for premises within the city. This process is intended to make fair, effective, and efficient recommendations. These sections are necessary to ensure that premises licensed to sell or dispense liquor meet community expectations, and that such businesses are conducted in a lawful manner which does not unreasonably disturb the peace and tranquility of the city and its neighborhoods.
(Ord. No. 1511, Amended, 12/19/2000)

9.10.020 Forms.

Applicants for OLCC licenses shall provide the manager with the appropriate OLCC license application forms. The manager may require additional information appropriate for conducting the investigations required for council recommendations.

9.10.030 Temporary Licenses.

The manager is authorized to approve applications for temporary OLCC licenses such as special events, special beer and special wine licenses. Such applications may be processed administratively after the fee established by

council has been paid. The manager may make an unfavorable recommendation to the OLCC if the manager finds that the applicant does not meet the criteria established by GRC 9.10.060. Either the applicant or manager may refer an application to the council for a public hearing.

9.10.040 Review of Applications.

The manager accepts applications for OLCC liquor licenses only when the following conditions are met:

- (1) all required forms are properly completed and in order;
- (2) the applicant has obtained a city business license; and
- (3) the processing fee established by council resolution has been paid.
(Ord. No. 1756; Amended, 08/20/2015)

9.10.050 Investigation.

(1) The manager shall coordinate an investigation of each application to determine the appropriate recommendation to the OLCC. The manager shall provide a copy of each application to the appropriate city departments for investigation and report. Reports from these departments must be included with each manager’s unfavorable or conditionally favorable recommendation to the council.

(2) The terms used in the application shall have the meanings as defined under state law.

(3) The Chief of Police or designee is authorized to access Oregon State Police (OSP) criminal offender information through the Law Enforcement Data System (LEDS) in accordance with ORS 181.555 and OAR 257-10-025 to investigate applicants to determine suitability for an OLCC license.
(Ord. No. 1756, Amended, 08/20/2015; Ord. No. 1511, Amended, 12/19/2000)

9.10.060 Manager Recommendation.

(1) The manager may make a favorable recommendation to the OLCC, or an unfavorable or conditionally favorable recommendation to the council, on any OLCC liquor license application or renewal based on whether the applicant:

(a) is in the habit of using alcoholic beverages, habit-forming drugs or controlled substances to excess;

(b) has made false statements to the city or OLCC in connection with the application;

(c) is incompetent or physically unable to carry on the management of the establishment proposed to be licensed;

(d) has been convicted of violating a general or local law of this state or another state, or of violating a federal law, if the conviction is substantially related to the fitness and ability of the applicant to lawfully carry out activities under the license;

(e) has maintained an unsanitary establishment or not maintained the premises in accordance with the building code and fire and life safety code of the city and/or the state;

(f) is not of good repute and moral character;

(g) does not have a good record of compliance with the alcoholic liquor laws of this state and the rules of OLCC when previously licensed;

(h) is not the legitimate owner of the business proposed to be licensed, and other persons have ownership interests in the business that have not been disclosed;

(i) seeks licensing of premises not consistent with city land use designations;

(j) has demonstrated an unwillingness or inability to cooperate with the city or neighbors to resolve driving under the influence of liquor concerns or community disputes related to a licensed establishment;

(k) creates any other specific reason consistent with the purposes of these provisions that the manager concludes warrant an adverse recommendation based upon public health, safety, welfare, convenience, or necessity; or.

(l) does not comply with the applicable provisions of OAR Chapter 845, Division 5.

(2) The manager may make an unfavorable or conditionally favorable recommendation to the council on any application or renewal if there is a history of serious and persistent problems involving disturbances, lewd or unlawful activities or noise either in the premises proposed to be licensed or involving patrons of the establishment in the immediate vicinity of the premises if the activities in the immediate vicinity of the premises are related to the sale or service of alcohol under the exercise of the license privilege. Behavior which is grounds for an unfavorable recommendation under this section, where so related to the sale or service of alcohol, includes but is not limited to, obtrusive or excessive noise, music or sound vibrations, public drunkenness, fights, altercations; harassment, unlawful drug sales, alcohol or related litter, trespassing on private property, and public urination. Histories from premises currently or previously operated by the applicant may be considered when reasonable inference may be made that similar activities will occur as to the premises proposed to be licensed. The applicant may overcome the history by showing that the problems are not serious or persistent or that the applicant demonstrates a willingness and ability to control adequately the premises proposed to be licensed and patrons' behavior in the immediate vicinity of the premises which is related to the licensee's sale or service of alcohol under the licensee's exercise of the license privilege.

(3) The manager's unfavorable or conditionally favorable recommendation to council and any unfavorable recommendation to the OLCC must be supported by reliable factual information which includes but is not limited to personal observations of activities in or around the proposed licensed locations, as opposed to opinion, hearsay, feelings, beliefs or speculation.

(4) If the manager finds evidence of activity or conduct related to the standards set forth in this section that causes concern, but does not rise to the level of a conditionally favorable or unfavorable recommendation, the manager may make a favorable recommendation to the OLCC with a letter of warning.

(Ord. No. 1756, Amended, 08/20/2015; Ord. No. 1750, Amended, 05/07/2015; Ord. No. 1511, Amended, 12/19/2000)

9.10.070 Notification to Council.

Council shall be notified of all regular OLCC liquor license original applications and recommendations. If the manager makes an unfavorable recommendation or conditionally favorable recommendation, council shall hold a public hearing to allow all interested parties a reasonable opportunity to be heard. The manager shall request additional time to submit the recommendation and the hearing shall be scheduled so that a recommendation can be filed with the time limit of the extension.

(Ord. No. 1756, Amended, 08/20/2015; Ord. No. 1511, Amended, 12/19/2000; Ord. No. 1522; Amended, 05/15/2001)

9.10.080 Contents of Public Hearing Notice.

Before the council recommends denial of a liquor license application, notice of the public hearing must be given to the applicant either personally or by certified mail postmarked not later than 10 days prior to the hearing. The notice shall contain:

- (1) the date, time and place of the hearing;
- (2) a copy of the recommendation of the manager together with all supporting reports and documents; and
- (3) a statement that information about procedures and rights of parties may be obtained from the manager.

9.10.090 Publication of Public Hearing Notice.

If a public hearing is scheduled, the manager shall publish in a newspaper of general circulation in

the city a notice specifying a time, date and location of the hearing and business name and address of applicant. The notice shall inform the public that testimony may be given for or against the application.

9.10.100 Public Hearing Procedures.

When a public hearing before the council is held:

(1) the applicant and the manager may present written and oral evidence and may rebut opposing evidence;

(2) the hearing shall be limited to production of evidence relevant to the recommendation of manager, unless the council decides to hear additional evidence; and

(3) after consideration of all relevant evidence, the council shall make its recommendation. The recommendation shall be based on substantial evidence relative to the GRC 9.10.060 criteria and shall be final. In the case of an adverse recommendation, the council shall make findings of fact which shall be forwarded to the OLCC along with the council recommendation against the application.

(4) If the council finds that an applicant does not meet the criteria established by GRC 9.10.060, it may make a favorable recommendation with a letter of warning. The manager shall deliver to the applicant in person or by certified mail a summary of the reports relating to the application, and a notice to correct the problems cited. A copy of this notice and summary shall be sent to the OLCC. During the following license period, the manager shall monitor the progress of the applicant in correcting such problems and report to the council. At the time of the next license renewal, council shall review the application notwithstanding a favorable manager's recommendation. The applicant shall have the burden of proof to establish that the license should receive a favorable recommendation for renewal. If the council finds that the applicant has not made substantial progress in correcting the conditions which resulted in the letter of warning, then the council may make an unfavorable

recommendation to OLCC without further public hearing.
(Ord. No. 1756, Amended, 08/20/2015)

9.10.120 Resubmission of Applications.

If the council makes an unfavorable recommendation on any license application, the manager shall not consider a new application from the same applicant within six months from the date of the manager's unfavorable recommendation or while an administrative or court appeal relating to such license is pending. An applicant may resubmit an application to the manager in less than six months from the date of a council unfavorable recommendation only if the conditions that caused such recommendation have been remedied.

9.15.010 Purpose.

The purpose of GRC Article 9.15 is to provide strict regulation of business activities that present an extraordinary risk of being used as a means of concealing the theft of property. This risk is present despite the best efforts of legitimate dealers because of the large volume of stolen goods and materials that are processed in such businesses. Therefore, this section is intended to reduce this type of criminal activity by providing timely notice to police of such business transactions. The council finds that the regulations provided herein are necessary, and the need for the regulations outweighs any anti-competitive effect that may result from their adoption.

(3) The Permit shall be valid only for a single location, and shall be displayed on the premises so as to be visible to patrons. When the business location is to be changed, the address of the new location shall be provided in writing to the manager for approval at least 10 days prior to the change.

A video or photograph must be referenced by time and date and the transaction report number shall correspond to the tag affixed to the Regulated Property or Precious Metal and Gems pursuant to GRC 9.15.100. The photograph, videotape or copied identification must be kept by the Dealer for one year;

(c) a completed, signed, Declaration of Ownership from the Seller in which the Seller certifies in writing that Seller has the legal right to pledge or sell the property that is subject to the transaction, is competent to do so, and that the property is not rented or leased; and

(2) The information contained in the transaction report is subject to the Oregon Public Records law and may be shared with other law enforcement agencies, including national law enforcement agencies and cooperative databases.

(3) Except as provided below, a Dealer shall deliver a transaction report to the Chief of Police at the close of each business day.

(4) After submitting a written request, Dealers that purchase less than 50 items of Regulated Property or Precious Metal and Gems during any one-year period may deliver a transaction report to the Chief of Police in paper format on a weekly basis.

(5) A copy of transaction reports for each purchase shall be retained by the dealer for a period of not less than one year.

(6) The council may establish by resolution an administrative fee for reviewing the transaction report.

(Ord. No. 1770, Amended, 03/23/2017; Ord. No. 1743, Amended, 09/18/2014; Ord. No. 1329, Amended, 11/03/1994)

9.15.085 Property to be Tagged for Identification.

(1) No Regulated Property or Precious Metal and Gems purchased by a Dealer shall be sold for a period of 30 calendar days after purchase. The Regulated Property or Precious Metal and Gems shall be maintained in substantially the same form as purchased and shall not be commingled so as to preclude identification during the holding period. The property shall be located on the business premises during normal business hours during this holding period so it can be inspected as provided in GRC 9.15.110. Notwithstanding this requirement, if it is shown that extreme financial hardship will result from holding an item for the 30 day period, the Chief of Police may authorize the sale or transfer of the item before the expiration of this period. Such authorization must be in writing.

(2) Pawnbroker loan transactions are exempt from the 30-day hold requirements in subsection (1) because of the redeemable nature of the loans and the holding requirements in ORS Chapter 726. If the loan is converted to a buy by the pawnbroker within 30 days from the date of the pawn transaction, the difference between the original date of the pawn and the buy will count toward the 30-day hold requirement. All other provisions of this article remain in effect.

(3) In addition to the above sections, the Chief of Police may determine that certain types

of transactions pose a reduced risk of being an outlet for the sale of stolen property and, therefore, may modify the holding period and/or reporting requirements for those types of transactions.

(4) The chief of police, upon reasonable belief that the specific property is the subject of theft, shall notify in writing any precious metal and gem dealer or secondhand dealer not to dispose of any specifically described property, and the property shall be seized as evidence of the crime. Upon completion of the criminal case, the property shall be returned to the victim of the theft. (Ord. No. 1743, Amended, 09/18/2014)

9.15.095 Exceptions to Transaction Report Requirements and Holding Periods; No Exception to Delivery of Report.

(1) A Dealer is required to complete and retain a transaction report for each purchase of Regulated Property or Precious Metal and Gems pursuant to GRC 9.15.080, but is not required to obtain the seller's identification, photograph the seller, record the seller's thumbprint, or have the seller complete the Declaration of Proof of Ownership if the property is received from a Dealer who has a valid permit in accordance with this article. The purchasing Dealer must keep a receipt or statement for the item purchased selling Dealer that includes the seller's name and a description of the item. The receipt or statement must be retained at the purchasing Dealer's business location for one year or until the item is sold, whichever is longer. The purchasing Dealer must record the name and address of the seller in the name and address fields of the transaction report, and the date of the purchase. The item does not have to comply with the hold period requirements if the seller has already done so.

(2) A Dealer is required to complete a transaction report and hold property prior to sale pursuant to GRC 9.15.090, but is not required to obtain the seller's identification, photograph of the seller, record the seller's thumbprint, or have the seller complete the Declaration of Proof of Ownership if the Dealer complies with this article otherwise and:

(a) The item is purchased through consignment by a Dealer from a person who lives more than 150 miles from the City of Gresham and the consigned property is mailed, shipped, or sent by courier to the Dealer.

(b) The item is purchased during a trade show. At the time of the transaction, the Dealer must write on the transaction report a complete, legible and accurate description of the Regulated Property or Precious Metal and Gems of sufficient detail to distinguish like objects one from the other. The Dealer must also record the name and date of the event and the address of the venue in the name, date, and address fields of the transaction report. Items purchased during a trade show may be sold or traded during the trade show without being held. Items still in a Dealer's possession at the end of the show will be subject to the hold period requirement in effect for that Dealer's purchases of Regulated Property or Precious Metal and Gems.

(c) The item is purchased from a business whose purchases of Regulated Property or Precious Metal and Gems consist exclusively of donated items and/or purchases from a 501(c)(3) organization. The Dealer must record the name and location address of the business in the name and address fields of the transaction report and the date of the purchase.

(d) The item is purchased through an internet transaction. The Dealer must record on the transaction report the seller's email address or seller's identification, the name of the internet website that listed the item, and the date of the purchase.

(e) The item is purchased by the Dealer from a yard sale, garage sale, estate sale or swap meet. The Dealer must record on the transaction report the physical address of the sale location and the date of the purchase.

(3) Transactions subject to subsections (1) and (2) are required to submit the transaction reports to the Manager in accordance with GRC 9.15.080(2) and (3).

(Ord. No. 1743, Enacted, 09/18/2014)

9.15.110 Inspection of Property and Records.

Dealers shall permit the Chief of Police to enter the business at any time to inspect property purchased in the course of business, and to inspect the records required to be maintained pursuant to this article.

(Ord. No. 1743, Amended, 09/18/2014)

9.15.115 Property Not to be Sold or Redeemed in Violation of Police Hold.

(1) Upon probable cause that an item is the subject of a crime, the Chief of Police or peace officer may issue a written or oral order requiring the Dealer to hold said property in a separate Police Hold area, without alteration or change, and not allow it to be sold or redeemed for a specific period, not to exceed the statute of limitations for the crime being investigated. If such order is given orally, the Chief of Police or peace officer shall confirm it in writing within 30 days.

(2) Upon probable cause that an item is the subject of a crime, the Chief of Police may take physical custody of an item, for a period of time as determined by the Chief of Police, not to exceed the statute of limitations for the crime being investigated. Seizure of property will be carried out in accordance with Oregon Revised Statutes.

The Dealer must notify the Chief of Police of the purchase and the name of the specific person believed to be the victim by the end of the business day that the purchase is made. 9.20.010 Purpose.

The purpose of this article is to provide strict regulation of certain types of businesses that the council finds present an extraordinary risk of being used as a means of concealing criminal behavior involving the theft of property. This risk is present despite the best efforts of legitimate dealers because of the large volume of goods and materials that are frequently the subject of theft that are processed in such businesses. Therefore, this article is intended to reduce this type of criminal activity by providing more timely police awareness of such business transactions. The council finds that the regulations provided are necessary, and the need for the regulations outweighs any anti-competitive effect that may result from their adoption.

(3) If the manager determines that the nonpayment of a remittance is due to fraud or intent to evade the tax, a penalty of 25 percent of the amount of the tax shall be added in addition to the penalties stated in subsections (1) and (2).

(4) In the event the amount of the required tax to be paid is not able to be calculated, an operator who fails to remit the tax due prior to delinquency may be subject to a fine or penalty in the amount of \$5,000.

(5) In addition to the penalties imposed by this section, an operator who fails to remit the required tax shall pay late payment charge at the rate of 0.5 percent per month, without proration for portions of a month, on the amount of the tax due, exclusive of penalties, from the date on which the tax first became delinquent until paid.

If by mail, the notice shall be addressed to the operator at the address as it appears on the records of the manager. In case of service by mail, the service is complete at the time of deposit in the post office.

(2) Except in the case of fraud or intent to evade the tax, every deficiency determination shall be made and notice mailed within three years

(4) The order or decision of the manager on a petition for redetermination becomes final 10 days after service upon the petitioner of notice, unless a protest of the order or decision is filed with the manager within 10 days after service of the notice, in which case a hearings officer shall review the decision pursuant to the procedures set forth in GRC 7.50.030(2)-(10).

The amount of the security shall be fixed by the manager, may be increased or decreased by the manager, but shall not be greater than twice the operator's estimated average quarterly liability for the period for which he files returns.

(2) At any time within three years after the tax becomes due and payable, or at any time within three years after a determination becomes final, the manager may bring an action in the courts of this state, or any other state, or of the United States, in the name of the city to collect the amount delinquent, together with penalties and late payment charges.

When any tax, penalty or late payment charge has been paid more than once or has been erroneously or illegally collected or received by the manager, it may be refunded, provided that a verified claim is filed in writing with the manager within three years from the date of payment, stating the specific reason upon which the claim is founded. The claim shall be made on forms provided by the manager. Thereafter, the seller shall pay an additional penalty of fifteen percent of the amount of the tax and penalties imposed for each period of 30 days following the previous penalty.

(4) In addition to any penalty imposed, any seller who fails to remit any tax or penalty imposed by this article shall pay a late payment charge in the amount set pursuant to GRC 2.92.010(1) from the date on which the remittance first became delinquent until paid.

As soon as the manager shall procure such facts and information as is able to be obtained, upon which to base the assessment of any tax imposed by this article and payable by any seller, the manager shall proceed to determine and assess against such seller the tax, penalties and late payment charge provided for by this article. In case such determination is made, the manager shall give a notice of the amount so assessed by having it served personally or by depositing it in the United States mail, postage prepaid, addressed to the seller so assessed at the last known place of address. Such seller may make a protest of such determination as provided in GRC 7.50.030. If no protest is filed, the manager's determination is final and the amount thereby is immediately due and payable.

The claim shall be on forms furnished by the manager.

(2) The manager shall have 30 calendar days from the date of receipt of a claim to review the claim and make a determination in writing as to the validity of the claim, unless the manager notifies the claimant in writing of the reasons that the review will take longer than 30 days.

(3) The manager shall notify the claimant in writing of the manager's determination. Such notice shall be mailed to the address provided by claimant on the claim form.

(4) In the event a claim is determined by the manager to be a valid claim, the manager shall make a refund, or provide a credit against the tax liability for the next reporting period, as indicated on the claim form. In the event the claimant did not indicate a choice on the claim form, and the

seller is still in business, a credit will be granted against the tax liability for the next reporting period. If the seller is no longer in business, a refund check will be mailed to claimant at the address provided in the claim form.

(5) No refund shall be paid under the provisions of this section unless the claimant established the right by written records showing entitlement to such refund and the manager acknowledges the validity of the claim.

(6) No claim shall be required if the manager discovers that any tax, penalty or late payment charge has been overpaid or paid more than once, or has been erroneously collected or received by the city under this article and determines that a refund or credit should be made.

(c) That if the amount of the assessment on remaining properties is revised pursuant to subsections (a) and (b) above to an amount different than that provided in the notice of the second hearing, notice of such proposed revised assessment shall be mailed or personally delivered to the owner of each lot to be assessed, which shall state the amount of the assessment proposed on the property of the owner receiving the notice.

(2) When assessments are levied against property within an economic improvement district in accordance with an assessment ordinance that contains the provision described in subsection (1) of this section:

(a) Any new owner of benefited property in the district or any owner of benefited property who excluded the property from assessment by submitting written objections to the council may subsequently agree to the assessment of the owner's property in the district. The council shall apportion the costs to the property for the remaining time in which assessments will be levied.

(b) The assessed property may not be relieved from liability for that assessment.

(c) If the council considers it necessary to levy assessments upon property in the district for longer than the period of time specified in the assessment ordinance, the council shall enact an ordinance that provides for continued assessments for a specified number of years and grants to property owners in the district the notice and right of remonstrance described in GRC 9.70.050(6) and GRC 9.70.060(1).

The council may continue the hearing to a date and time certain. Written objections shall be considered to have been received by the council at the hearing if actually received at the hearing or if received by the city manager prior to the commencement of the hearing. At the conclusion of the second public hearing, if the council determines and is able to go forward with the project and assessments or fees, the council shall pass a final assessment and fee ordinance in accordance with GRC 9.70.090. 9.70.090 Final Assessment and Fee Ordinance.

If written objections in the requisite 33 percent are not received as provided in GRC 9.70.050, the council may adopt a final ordinance levying the appropriate assessments or business license fees. Upon adoption of the final ordinance, the manager shall enter each such assessment in the docket of city liens. 9.70.100 Advisory Committee and Agreement with Existing Association.

Any assessment ordinance adopted as herein provided may require creation, for each economic improvement district, of an advisory committee to allocate expenditure of moneys for economic improvement activities within the scope of this ordinance. If an advisory committee is created, the council shall strongly consider appointment of owners of property within the economic improvement district to the advisory committee. An existing association of property owners, tenants or persons conducting business within an economic improvement district may enter into agreement with the city to provide the proposed economic improvement.

(3) Include within an economic improvement district any area of the city that is not zoned for commercial or industrial use.

(4) Impose a business license fee to raise revenue for an economic improvement that does not primarily benefit persons conducting business within the economic improvement district.

(Ord. No. 1343, Enacted, 12/20/1994)

9.70.130 Extension of Assessment or Business License Fee Period.

When the council considers it necessary to levy assessments upon property, or impose business license fees upon persons conducting business, in an economic improvement district for longer than the period of time specified in the ordinance that created the district, the council shall enact an ordinance that provides for continued assessments or business license fees for a specified number of years and grants to the owners of property or persons conducting business in the district the notice and right of remonstrance described in GRC 9.70.050.

9.70.140 Early Termination.

By ordinance the council may terminate the activities of an economic improvement district in whole or in part prior to the normally scheduled termination date for the district. The ordinance shall provide that all applicable contract issues shall be resolved before activities are terminated. In the event of early termination, those funds remaining from assessments or fees for the district, following payment of all obligations and costs of administration incurred on behalf of the district, shall be returned to the owners of the subject properties or the persons conducting business in the district in amounts proportionate to the amounts of the assessments or fees they paid for the district. In the event of early termination of only a part of the activities of an economic improvement district, the council, in the termination ordinance, may elect to apply remaining funds on a similarly proportionate basis as a credit against future district assessments or fees, with any funds remaining being returned to the owners or persons conducting business as otherwise provided in this section.
